KODA CORNER
GALLERY ENLARGED
PLAN

UC-A-4

Scale	1/4" = 1'-0"
-------	--------------

KODA GALLERY

will be an amenity space for the residents to sit with their friends and families to enjoy the nice street views and the cherry blossom canopy lights. With its floor higher than the sidewalk, this space is like a performing stage to the street. Therefore, Koda will install the artistic benches from locally salvaged wood trunks to create the gallery quality space. Just like the window art installations at the Panama Hotel, Koda Gallery should be able to link well into the fabric of the Main Street experience.
